Council Actions and Approvals

- Council approved the ICIS 2020 Site.
- Council approved the establishment of a committee that will include members from ACM and AITP EDSIG to address the IS 2010 Curriculum Revision.
- Council approved Information Technology Development (ITD) as an affiliated AIS journal.

Strategic Discussion

- Council discussed and decided that we will evaluate if ECIS and PACIS will be able to use the YM (Your Membership) conference registration system for their 2018 conferences. This is the same conference registration system that has been used for AMCIS and ICIS for many years. The YM platform is also used for AIS' membership management system. If it's determined that YM can be used to process ECIS and / or PACIS conference registrations, then it was decided that the cost of this registration system would be funded through the AIS office for the 2018 conferences.
